M. Phil. Ph.D.
Assistant Professor

April 30, 2024

Notice

All the students of B. Sc. VI Sem. (Maths group) are hereby informed that internal presentation and assignment submission of the course Complex Analysis & Metric Spaces (B030601T) is scheduled on May 8, 2024 as per following:

Reporting Time	Student's Name	Assignment Topic	Venue
12 noon	Anubhav	Analytic function and its examples	Room No. 7 old campus
	Ayush	Complex Integrations and its examples	
	Bharti	Conformal mapping	
	Chhavi	Open set and its examples	
	Dhurv	Bilinear Transformations and its examples	
	Gaurav	Harmonic functions and Thomson Milnes method	
	Harshit	Important Theorems on Bilinear Transformations	
	Harsh	Cross ratio and its applications	
	Kanika	Closed set and its examples	
	Khushi	Analytic function and important results	
	Maneesh	Metric spaces and its examples	
	Mantsha	Metric Spaces and its examples	
	Neha	Metric spaces and its examples	
	Rocky	Adherent point and its examples	
	Shivani	Limit point and its examples	
	Tanisha	Sequence in metric spaces	
	Tanu	Cluster point and its examples	
	Yaksh	Completeness in metric spaces and its examples	

All the students are advised to come in uniform with ID- card to appear in the exam.
